ALL our classes are non-parented. We highly encourage this especially for little ones to help them be more independent and create new friendships. One parent will be allowed in the studios for the first 2 classes just to get their child comfortable with their new surroundings but after that ALL parents and siblings must stay in our parent lounge area outside the studio doors during class. There will be plenty of opportunities to watch them dance during the session.

Students enrolled in multiple classes

Our schedule is designed so ALL students are able to take both Ballet and Hip Hop classes back to back each week. And for those of you who sign up your child for both classes, your second class will be 50% off. At the time of our dance performance, we make sure students enrolled in multiple classes have enough time in between performances to quickly change their costume.

Customer Satisfaction money back guarantee

All classes must be paid up front at the time of registration. With this being said, you do have the **first 2 classes to transfer or withdrawal from any class and receive a pro-rated credit or refund.** This is specifically designed for those ages 5 and under who are trying dance for the first time and don't want to fully commit until they know their child will participate in the classes.
